NEWS/UPDATES

- **Loan Servicing Information – Federally-Owned Loan Transfer Initiatives Planned for September – October 2011 (09/16/11)**

Federal Student Aid continues its efforts related to borrowers who have more than one servicer of their William D. Ford Federal Direct Loan (Direct Loan) Program loans and Federal Family Education Loan (FFEL) Purchased Loans, more simply referred to as their federally-owned loans. As promised when Federal Student Aid transitioned to a multi-servicer, borrower-centric approach to servicing, we resolve these situations through transfers that ultimately result in one servicer servicing all of a borrower's federally-owned loans.

Based on experience gained through each transfer initiative, Federal Student Aid continuously refines and improves the transfer process. Our goal is to execute each transfer in a manner that is as orderly and smooth as possible for the affected borrowers. During the September - October 2011 period, Federal Student Aid plans to implement the next two transfer initiatives.

For complete information about the transfer initiatives, refer to [the September 16, 2011 Electronic Announcement](#) on the IFAP Web site.

- **Second 2010-2011 National SMART Grant Deobligation Due to No Corresponding Pell Grant (09/14/11)**

On September 13, 2011, Federal Student Aid deobligated 2010-2011 Award Year National Science and Mathematics Access to Retain Talent Grant (National SMART Grant) disbursements for students who did not have a 2010-2011 Federal Pell Grant (Pell Grant) actual disbursement recorded in the COD System. As noted in the warning message that Federal Student Aid sent to affected schools on September 6, 2011, these National SMART Grant disbursements were considered overawards and reduced to a zero dollar amount (\$0.00), even though the disbursements were previously accepted in the COD System. This deobligation affected National SMART Grant disbursements at approximately 27 schools.

A school affected by the deobligation will receive or see the following information:

- Receive an SGTX file (SGTX11OP message class) in the school's Student Aid Internet Gateway (SAIG) mailbox indicating the number of students and total amount of the decrease
- Receive a system-generated negative disbursement file (CRND11OP message class/ND document type) in the school's SAIG mailbox
- Receive a new Electronic Statement of Account (SGAS11OP message class) in the school's SAIG mailbox that reflects the decrease, unless there are other offsetting increase adjustments
- See a change in the school's Current Funding Level (CFL) that reflects the reduced disbursements

Notes:

- If all of the National SMART Grant recipients at a school had a corresponding 2010-2011 Pell Grant actual disbursement on September 13, 2011, the school was not affected by the September 13th deobligation process.

- Some National SMART Grant recipients do not have a corresponding 2010-2011 Pell Grant actual disbursement due to the documented full repayment of the Pell Grant as a result of a Return of Title IV Funds (R2T4) calculation. If a school informed the COD School Relations Center of the student records to which this exception applies, these student records were excluded from the September 13th deobligation process.

If you have any questions about the 2010-2011 National SMART Grant deobligation of disbursements due to no corresponding 2010-2011 Pell Grant actual disbursement, contact the COD School Relations Center.

- **End of Federal Fiscal Year 2011 – Impact on Funds Availability (09/02/11)**

Friday, September 30, 2011 marks the end of the Federal fiscal year for the Department of Education (the Department). Some of the Department's core financial systems, including G5, will be on a modified processing schedule while the Department finalizes its processing and accounting for Fiscal Year 2011. These interruptions will impact how the COD System will process financial data and when schools can obtain funds for the Federal student aid programs as follows:

- ***Wednesday, September 28, 2011 through Monday, October 3, 2011*** – The COD System will accept ACG, Iraq and Afghanistan Service Grant, National SMART Grant, Pell Grant, TEACH Grant, and Direct Loan records. However, after 10:00 A.M. (ET) on Wednesday, September 28, 2011, CFL changes (as a result of actual disbursements) and funding will not be processed by G5 until October 3, 2011.

All actual disbursements with a disbursement date from September 28, 2011 through October 3, 2011 must be received by the COD System ***no later than 10:00 A.M. (ET) on Wednesday, September 28, 2011***, and subsequently accepted by the COD System, in order to generate the appropriate funding level increase prior to the G5 shutdown. Disbursements submitted by the deadline but not subsequently accepted, disbursements submitted after the deadline, and disbursements with a disbursement date after October 3, 2011 will be funded after G5 re-opens on October 3, 2011.

- ***9:00 P.M. (ET) on Friday, September 30, 2011 through 6:00 A.M. (ET) on Monday, October 3, 2011*** – The [G5 Web site](#) will not be available. Schools will not be able to draw down Campus-Based, ACG, Iraq and Afghanistan Service Grant, National SMART Grant, Pell Grant, TEACH Grant, or Direct Loan funds during this period. Schools will be able to draw down under their existing authorizations after 6:00 A.M. (ET) on Monday, October 3, 2011.

- **ACG, Iraq and Afghanistan Service Grant, National SMART Grant, and Pell Grant 2010-2011 Award Year Processing Deadline (09/02/11)**

The ACG and National SMART Grant Program regulations at 34 CFR 691.83(a) and the Pell Grant regulations at 34 CFR 690.83(a) establish the deadline by which a school must submit student payment data each award year. The data must be submitted to the Department of Education (the Department) by September 30th following the end of the award year in which the ACG, Iraq and Afghanistan Service Grant, National SMART Grant, or Pell Grant is made.

As required by regulations, and consistent with the “Notice of Deadline dates for the receipt of documents and other information from institutions and applicants for the Federal student aid programs authorized under Title IV of the Higher Education Act”, the deadline for electronically transmitting ACG, Iraq and Afghanistan Service Grant, National SMART Grant, and Pell Grant records for the 2010-2011 Award Year to the Common Origination and

Disbursement (COD) System is **Friday, September 30, 2011**. The notice was originally published in the [Federal Register](#) on June 7, 2011.

In an attachment to this announcement titled “ACG, Iraq and Afghanistan Service Grant, National SMART Grant, and Pell Grant 2010-2011 Award Year Processing Deadline,” we provide comprehensive information related to the ACG, Iraq and Afghanistan Service Grant, National SMART Grant, and Pell Grant 2010-2011 Award Year processing deadline.

Additional information is posted in a [September 1, 2011 Electronic Announcement on the Information for Financial Aid Professionals \(IFAP\) Web site](#).

- **Additional TEACH Grant Closeout Information for 2010-2011 Award Year (09/02/11)**

In a **June 21, 2011 Electronic Announcement**, we provided Teacher Education Assistance for College and Higher Education (TEACH) Grant Closeout information for the 2010-2011 Award Year. This announcement provides additional information to supplement the previous guidance. As a reminder, to be considered successfully closed out, a school must—

- Have an Ending Cash Balance of \$0 and Total Net Unbooked Disbursements of \$0, as reflected on its TEACH Grant School Account Statement (SAS) Report

The processing deadline to submit records is **8:00 P.M. (ET) on Friday, September 30, 2011**. The COD System subsequently must accept all records submitted by the processing deadline in order for them to be included in the school's final TEACH Grant Ending Cash Balance for 2010-2011. Any 2010-2011 Award Year batches or records received after the processing deadline will be rejected and returned to the school.

For detailed information about TEACH Grant Closeout for the 2010-2011 Award Year, refer to [the September 1, 2011 Electronic Announcement posted on the Information for Financial Aid Professionals \(IFAP\) Web site](#).

- **Loan Servicing Information – Transition to New Direct Loan Servicing Center (ACS) System and Web Sites Planned for Fall 2011 (Update #4) (09/02/11)**

Over the past few months, Federal Student Aid has communicated that the Direct Loan Servicing Center (ACS), one of the Department of Education's five federal loan servicers, plans to transition to a new loan servicing system in fall 2011. In addition to the new system, the Direct Loan Servicing Center (ACS) will launch new Web sites for schools as well as William D. Ford Federal Direct Loan (Direct Loan) borrowers and Teacher Education Assistance for College and Higher Education (TEACH) Grant recipients.

For complete information about the transition, refer to [the September 1, 2011 Electronic Announcement](#) on the IFAP Web site.

CURRENT ISSUES

ALL PROGRAMS

COD Web site Returning Errors When Updating Person Information (07/12/11)

Federal Student Aid has identified an issue when schools attempt to update person information via the

COD Web site. Specifically, when a user is updating person information, the Award list defaults to an award from a “closed” Award Year.

When attempting to submit the updated information, a user will receive an error message stating, “Updates are not allowed for this School and Award Year, either because the Award Year is closed and the School is not in extended processing or because FSA has confirmed

closeout. If you have any questions, please contact COD Support. Please select a different Award for this person or select cancel.”

To update person information a user must first select an award from the current Award Year from the Award list. Federal Student Aid is working to resolve this issue and will provide updates as more information becomes available.

We apologize for any inconvenience this issue may cause schools. If you have any questions contact the COD School Relations Center.

DIRECT LOANS

There are no Direct Loan specific issues to report at this time.

GRANTS

Pell Grant Awards Rejecting Incorrectly for Edit 38 When Last Name Change Involved (09/09/11)

Federal Student Aid has discovered an issue when a school submits a Pell Grant award and the student’s “original” and “current” last name field tags do not match. The COD System is incorrectly trying to link the CPS transaction using the original last name instead of the current last name. The school is then receiving COD Reject Edit 38 (Student not Pell eligible) incorrectly because the last name on the CPS transaction and the Pell Grant award record do not match.

Federal Student Aid is working on a fix for the issue and plans to implement it in late October 2011. As a temporary workaround until the system fix, a school should submit the student’s “current” last name in **both** the <LastName> tag in the Student Identifier/Index block and the <LastName> change tag.

Sending Addresses for U.S. Territories and Foreign Countries on the Common Record or the COD Web site (09/16/11)

When submitting student or borrower addresses or address changes to the Common Origination and Disbursement (COD) System, it is important that the correct tags are used, particularly when the student or borrower address is located in a U.S. Territory or Foreign Country. If these addresses are not submitted correctly, important correspondence from the COD System and the federal loan servicers is delayed or not received.

- When a student or borrower address is located in a U.S. Territory it is considered a domestic address. Do not submit a Country Code.
- When a student or borrower address is located in a Foreign Country, it is treated as a foreign address.

See below for the correct procedures for submitting U.S. Territories and Foreign Country addresses via the Common Record batch submission or COD Web site.

Submitting Addresses for U.S. Territories and Foreign Countries via the Common Record

When creating or updating a person record via the Common Record batch submission, a school should send the address block with the following tags:

Schema Version	Included Tags for Domestic Address, including U.S. Territories	Excluded Tags for Domestic Address, including U.S. Territories	Included Tags for Foreign Addresses
3.0c or 3.0d	<AddressLine> <City> <StateProvinceCode> <PostalCode>	<StateProvince> <CountryCode>	<AddressLine> <City> <StateProvince> (Optional) <PostalCode> (Optional) <CountryCode>

Submitting Addresses for U.S. Territories and Foreign Countries via the COD Web site

When creating or updating a person record on the COD Web site, a school should select the U.S. Territory from the dropdown box in the State/Province field. A school should select the Country field as “Blank”.

A complete list of State Codes (including U.S. Territories), Jurisdictions, and Country Codes are provided in Volume VI, Section 4 of the [2010-2011 COD Technical Reference](#). If you have questions about this information, contact the COD School Relations Center.
